## 3. Borough Council / County Council Updates

KH & BH explained the impact the Boundary Commission changes to the electoral wards will have on the Ribble Valley at the May elections. The aim of the changes is to make the wards more equal geographically and as a result Waddington will be joined with Bashall Eaves, Great Mitton & Little Mitton and be represented by one councillor. For wards with a population of 2500 they will be represented by two borough councillors and where there are 1200 one councillor will represent the population.

BH also said the Ribble Valley has been selected to take part in a pilot scheme for the local elections where electors will need to take some form of identification with them to the polling stations.

KH said he has been selected by the Conservative party to stand for the new Waddington ward in May.

KH explained some of the changes that have taken place internally at RVBC to drive forward economic growth and development with a particular emphasis on new ideas to redevelop the market which should be ready for discussion in early 2020. Changes have also been made to the planning department to make it more cohesive and there are plans to invest in leisure facilities for the whole community and focus on some factors which affect rural areas such as affordable housing for all age ranges, community transport and education and health.

## 4. Playing field update including fencing

LH reported that the fencing is in hand and until such time as it is installed the temporary barriers will be kept in situ.

## 5. Matters arising from the last meeting (not covered elsewhere)

### 5.1 Website

NC said she had tried to contact White Sands Media regarding making updates to the newly formatted website but has still to have a conversation with Daniel Williams.

**Action:** LH to contact White Sands Media

### 5.2 Bunting

**Action:** LH to order 300 metres of bunting and ask for the invoice to be forwarded to the clerk for payment.

### 5.3 Traffic Matters

On the recommendation of Coun David Smith NC had contacted Matthew Campbell at LCC (District Lead Officer, Lancashire County Council Highways) regarding several outstanding issues:

- Traffic Regulation Order to cover the double yellow lines
- Signage on Brungerley Bridge differs depending on whether you are approaching or leaving Waddington
- "Loose chipping" and "ramp" signs from the work carried out over the summer are still in situ
- The hedgerow which borders a footpath / highway on West Bradford Road which leads from Waddington to the neighbouring village of West Bradford to Waddington & West Bradford CE Primary School.

At the time of the meeting the only response from Mr Campbell was that relevant officers had been asked to provide updates on all matters and a further update will be provided in due course.

General concerns were raised about inconsiderate parking near the War Memorial and St Helen's Church in particular.

DP had been in contact with LCC regarding putting tarmac on the grass verges on Wadow View which are being used for off-road parking. Phil Stead from LCC had responded saying it is against the council's policy to tarmac over grass verges but installing white markers instead. In the meantime some remedial work will be carried out to verges including re-seeding.

**Action:** JH to investigate some "grass friendly" alternatives which would provide hardstanding on the verges but allow the grass to grow through and pass them to DP aimed at creating additional parking spaces but as environmentally-friendly as possible.

**Decision:** RH proposed and JH seconded that a letter be sent to the residents of Queensway to ask them to refrain from parking on the green.

## 5.4 Damaged wall

NC had been in contact with Sam Mitton about the damaged wall by the brook and he has quoted £340 for the job.

**Decision:** JH proposed and LH seconded that the work be carried out.

## 7. Parish Questionnaire

JH had emailed the results out for council members to review. The amendments will now be made with final approval to be given at the December meeting before it is published on the website and 50 copies will be printed and available for collection from the Post Office.

As a result of the findings from the questionnaire members of the public had asked for extra bins to be provided but RVBC will not empty them. KH said he would investigate the possibility of either providing extra bins or putting stickers on general refuse bins indicating that they can be used to dispose of dog waste.

PH asked for a copy of the report to be sent to her.

It was felt that more residents should be encouraged to get involved with the annual clean-up with the aim of making them take responsibility for an area near to their homes; it was felt this should be done in April or May next year. By getting local people to take pride in the village it is hoped this would become a year-round view rather than one specifically targeted for the BKVC by encouraging people to make a difference.
